

AURORA AFX

Brings all the realistic thrills and skills of motor racing right into your home. Each Aurora AFX car is an authentic model of a high speed, power performance machine, right down to the last detail. No other model racing car can match Aurora AFX for quality, strength and realism, or for genuine race track excitement.

Aurora AFX cars are the fastest scale model slot cars in the world with scale speeds in excess of 1800 kph.

SUPER G-PLUS™

The World's Fastest HO Scale Racing Cars!

EXPERIENCE THE ULTIMATE IN HIGH PERFORMANCE SLOT CAR RACING!

HIGH PERFORMANCE MOTOR TIMING SWITCH

This revolutionary timing adjustment function allows you to adjust the timing of the motor to meet different racing requirements and racing circuit designs.

HIGH PERFORMANCE MOTOR

Lower rotor friction for greater response. Innovative brush holders. Maintenance-free bearings.

HIGH PERFORMANCE GROUND EFFECT MAGNETS

Twice the "G" Force as current ferrite magnets! Greater cornering ability! Greater stopping ability!

HIGH RIGIDITY POLYCARBONATE CHASSIS

Light weight chassis for improved acceleration down the straights and around the corners. Less chassis distortion for better handling.

LIGHT WEIGHT HOLLOW RUBBER TYRES

Better response when accelerating. Larger gripping area for improved surface contact over ordinary solid rubber tires. Less abrasion on track surfaces.

TUNE-UP SPARES

F8634 Contains:

- 2 Pick-Up Springs
- 2 Pick-Up Shoes
- 2 Rear Tyres

- 1 Guide Pin
- 1 Pinion Gear
- 1 Rear Axle with Crown Wheel

F8657 Contains:

- 1 Tune-Up Motor
- 1 High Power Magnet

DRIFT ACTION CURVE SET F8680

Add extra excitement and racing realism. The Drift Action Curve Set allows cars to "drift and tail slide" through corners. Power cuts off on entering the curve and momentum carries them through. Too fast and they spin off the track - too slow and they stall. Real life thrills, skills and spills!

Contains:

- 2 x drift action curves • 2 x 12" curves and 1 x 6" straight.

9" CHICANE CURVE SET F8670

Contains:

- 2 x chicane tracks (R & L)
- 2 x 15" straights
- 4 x kerbing.

BANKED CURVE SET F8667

Contains:

- 4 x 12" 1/8 banked curves
- 2 x 15" straights
- 4 x bank supports (2 high, 2 low).

HAIRPIN CURVE SET F8669

Contains:

- 1 x 3" hairpin curve • 2 x 15" straights • 2 x kerbing.

ACCESSORIES

- F8621 15" Straight (2)
- F8622 9" Straight (2)
- F8623 9" 1/4R Curve (2)
- F8624 9" 1/8R Curve (2)
- F8625 9" Squeeze Track (2)
- F8626 3" Joint Track (2)
- F8627 15" Terminal Track
- F8628 9" Banked Curve
- F8630 Controller
- F8631 Transformer
- F8636 Loop Track
- F8641 6" Straight Track (2)
- F8648 Guard Rail Set (10)
- F8655 9" Crossover Track (2)
- F8656 6" 1/8R Curve (2)
- F8662 12" 1/8R Curve (2)
- F8663 15" 1/8R Curve (2)

LAP COUNTERS

To keep a record of who is winning, there are a number of Lap Counters available.

F8646 Lap Counter Track

15 inches of high performance track with built-in lap counter for 10 laps.

2. F8629 Automatic Lap Counter.

Over the track automatic lap counter records up to 50 laps.

3. F8639 Computer Control Centre

Allows you to programme one of the cars controlling the speed and number of laps. Allows you to race with a friend or against the automatically-controlled second car with a simple flick of the switch. Records up to 10 laps with a chequered flag waving in the race winner.

ELECTRONIC CONTROL STATION F4002

Watch the control tower lights. Then count down Red, Amber and Green - Go! Race against the clock, or your competitor in a head to head challenge over distance (up to 195) laps or time (up to 99 minutes). Your Aurora AFX Electronic Control Centre controls your races and time trials, displaying split times, lap counts and sound effects. Reproducing the excitement of real Grand Prix, Rally and Sports Car racing, your Control Centre leaves you free to concentrate on what's really important - being the fastest driver!

- Electronic starting with lights and sound effects • False start detector • Lap counting facility up to 195 laps
- Quartz analogue clocks for timed racing up to 99 mins • Timing accurate to 1/100 of a second for fastest lap and overall race times • Electronic finishing
