

The advertisement features a large, stylized American flag in the top left corner, with its stars and stripes flowing into a series of concentric, swirling patterns that dominate the upper half of the image. Below this, a black slot car track with yellow railings is shown in a circular, multi-level configuration. Two slot cars, one red and one white, are visible on the track. In the bottom right corner, a portrait of Jackie Stewart is shown, wearing a white racing suit and a blue cap. The text "AURORA" is in black, "1976" is in blue, "AFX" is in orange and pink, and "RACING" is in black.

AURORA
1976 AFX
RACING

World Championship Driver
Jackie Stewart says,
"AFX is the closest thing
to real racing."

AURORA INTRODUCES The Exclusive New Quikee™ Assembly System for faster, easier, set-up-and-go.

RUSSKIT VARIABLE SPEED CONTROLLER WITH PLUG
Comes with pre-wired plug for simple insertion into terminal track. Trigger action gives instant response and positive control at all times.

WALL PAK WITH PLUG
Comes with pre-wired plug for easy insertion into wall at one end and terminal track at other.

ROAD RACE BRAKING MARKERS
Warning signs sequentially numbered from 4 to 1 to alert racers to curves ahead.

World leader in Model Motoring since 1960, Aurora now presents exciting innovations that make assembly faster and easier than was ever before possible. Each one a technical breakthrough. These new features enhance the superior control and performance of AFX—and reflect our unsurpassed standards of excellence.

TRACK ELEVATION SUPPORTS
In varying heights for easy snap-on track assembly. Adjusts to any banked angle.

PLUG-IN TERMINAL TRACK
Pre-wired to accept plugs from controllers and Wall-Pak—no preparation necessary. Color-coded.

SNAP-IN GUARD RAIL
Tabbed rails snap firmly and easily into slots on track.
