24 Hour Race

All the thrills of night racing with the fabulous 24-Hour Race Set from Aurora. Super, ultra-fast Magna-powered cars with authentic sealed-beam headlamps give a dazzling performance that leaves lesser cars in the shade.

More than 290 cm/9½ ft of over and under, criss-cross racing with 2 MagnaTraction* Flamethrower* cars, 2 Russkit® Speed Controllers, criss-cross tracks, bridge beams with extensions, guard rails, trackside banners and Quikee-Lok key®,

NEW

GX2850

STOP! POLICE

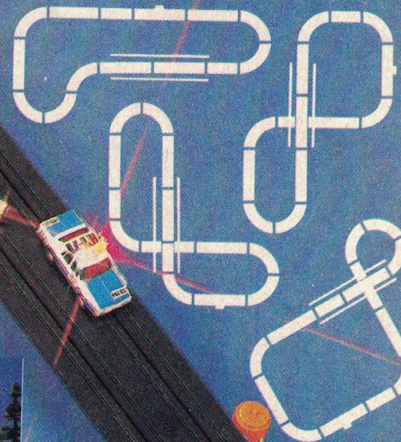

All the thrills of a Police Chase. Over 441 cm/14½ ft of over an under racing track. Can the Police Car with alternate flashing roof lights catch the hi-jacked 10-wheeler truck as it crashes through the Police barrier and races off into the night with blazing headlights over the giant suspension bridge?

One piece of squeeze track increases the thrill of the chase.

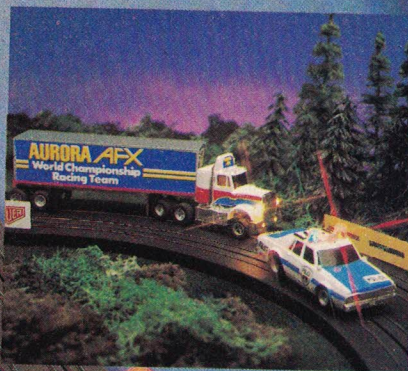

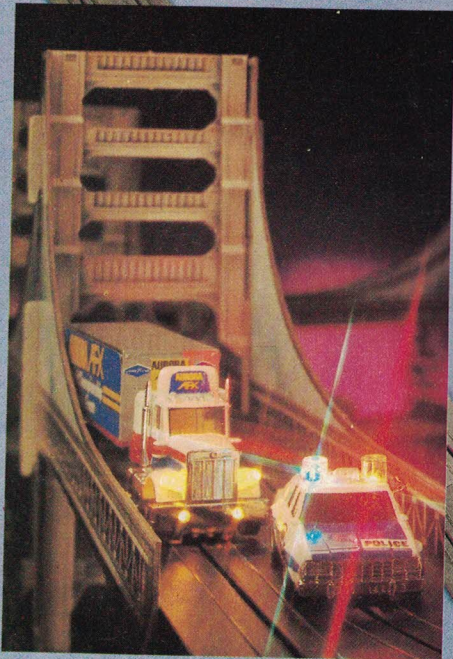

PLUS: Two Russkit® Speed Controllers, bridge beams and extensions, guard rails, trackside banners and a Quickee Lok® key.

- This set will also build at least four alternative circuits.

Data Race

Electronic Computer

Ref. No. 1430

The Data Race* Electronic computer adds a further dimension to Aurora Model Motor Racing. The 3 separate programmes incorporated in the computer provide instant LED read-out of the following functions.

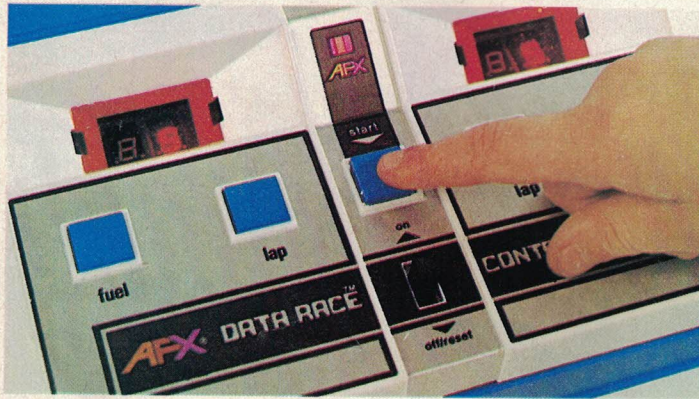

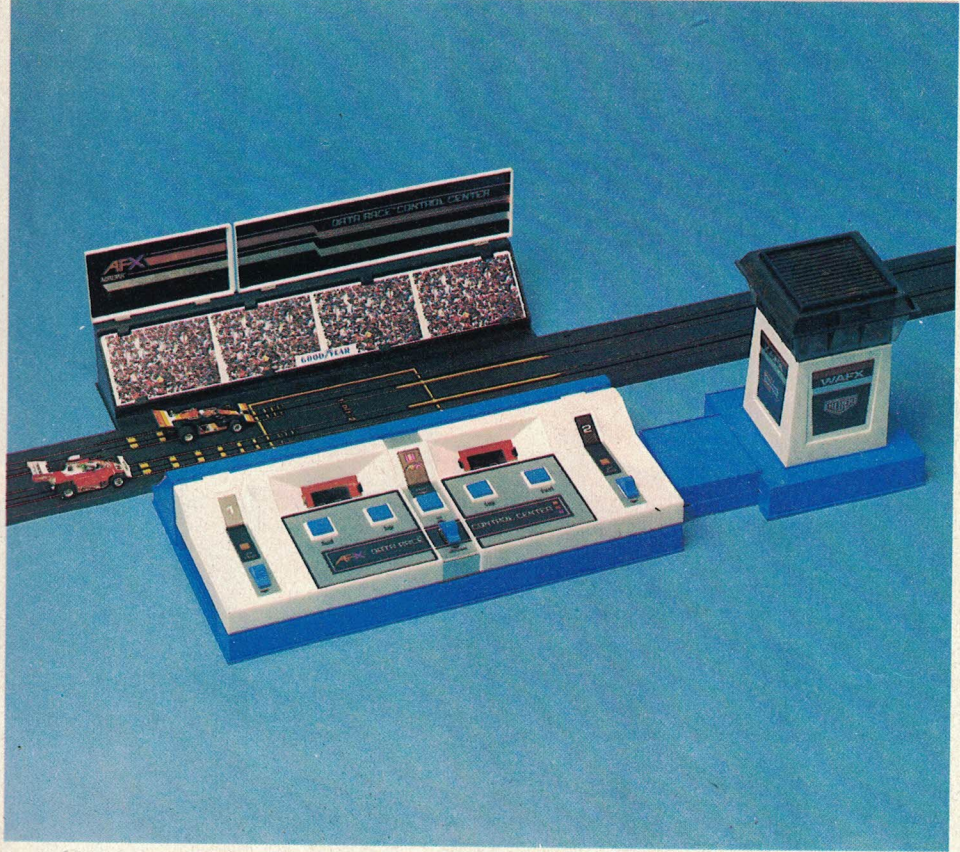

- * Programmes races (up to 95 laps)
- * Times last lap
- * Records fastest lap
- * Counts laps
- * Measures fuel consumption
- * Low fuel warning
- * Out of fuel signal
- * Re-fuels (up to 95 litres/galls)

The Electronic Sound Synthesizer generates six different sounds including

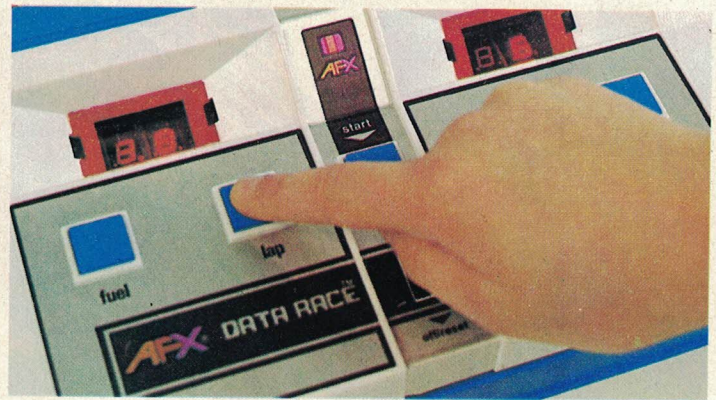

- * Start countdown and gun shot start
- * Motor racing sound for each car
- * Low fuel warning
- * Out of fuel signal
- * Re-fuel signal
- * Victory salute for winner

Data-Race will provide at any time the following information for each driver

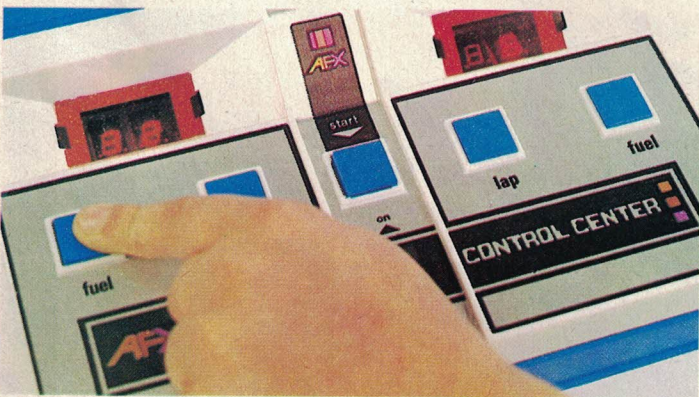

- * Laps completed
- * Previous lap time
- * Fastest lap time
- * Fuel remaining

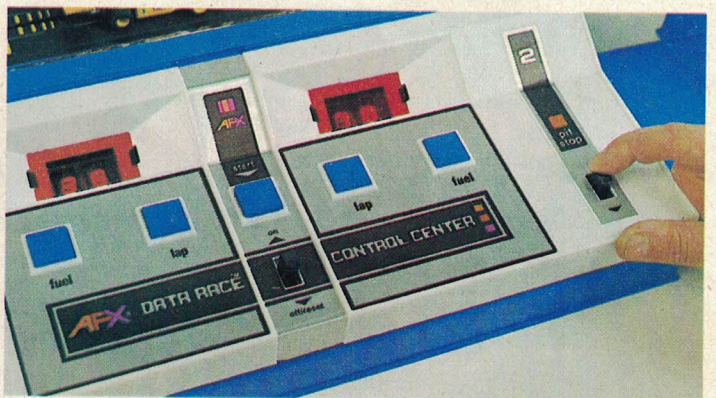

Automatic countdown start

Lap time (the computer will also show fastest lap time)

Fuel remaining
